

dream kitchens
designed by Lowe's and GE Profile™

GE Profile™ appliances and deluxe cabinets create exquisite dream kitchens

Built-in appliances provide a seamless appearance, removing the boundaries between the appliances and cabinetry.

Expansive kitchens with beautiful, smart dishwashers and multiple cooking appliances. Built-in refrigerators with custom, cabinet-matching panels. Sleek, stainless steel hoods. Innovative ovens that deliver delicious results in minutes. These are the possibilities that define tomorrow's home, and you can experience them today with GE Profile appliances.

Stainless steel appliances provide a sleek, high-tech appearance. And, because stainless reflects light and color, it helps brighten the kitchen and create an open feeling.

With custom wood panels, the GE Profile fully integrated side-by-side refrigerator virtually disappears.

R gourmet performance

Relish in the splendor of pure luxury and refinement with the Gourmet Performance kitchen. Capturing the uncompromised standards of the kitchens found in luxurious and distinguished homes, this GE Profile™ collection epitomizes modern sophistication and performance. For the house chef who takes pride in substance and style, and prefers precise control and time-saving conveniences, the Gourmet Performance collection is supreme.
