# *Turn Your Dreams...*

What is the kitchen of your dreams? Perhaps it is a kitchen with the elegance of stainless steel appliances, the class of granite counter tops and the beauty of solid wood cabinetry. Or maybe you dream of creating that perfect meal that will have all of your guests raising a glass in your honor. It might even be as simple as having a kitchen that makes your friends and family feel at home.

## *...Into Reality*

Everything that you will need to turn your dreams into reality is available at Lowe's. We carry a complete line of Frigidaire appliances.

## *Begin With a plan...*

Planning your dream kitchen starts with thinking about the way you like to use your kitchen. Consider the kind of cooking you intend to do, and the appliance features you need to make it all possible. You may also want to decide what you like and dislike about your current appliances, how often you want to entertain, and if your kitchen needs to accommodate multiple cooks.

## *...End with your Dream Kitchen*

Your Lowe's Appliance and Cabinet Specialists have the knowledge and expertise to help you turn your Dream Kitchen into a reality.

# *What is in Your Dream Kitchen?*

## *Is it a Counter Depth Refrigerator?*

Frigidaire counter depth refrigerators offer that custom built-in style without the custom price tag. With only the doors extending beyond your kitchen counters, you regain valuable space in your kitchen.

## *Is it a Convection Wall Oven?*

Frigidaire 3rd element convection wall ovens utilize three cooking elements and a fan to achieve superior baking and roasting performance. The circulating air helps eliminate temperature fluctuations and delivers excellent multiple rack cooking results.

## *Is it an Ultra Quiet Dishwasher?*

Frigidaire UltraQuiet™ dishwashers allow you to enjoy intimate conversations in your new Dream Kitchen while you're washing the dishes. Our European wash system effectively cleans your dishes without the high noise levels of traditional dishwashers.

## *Is it a Deep Drawn Gas Cooktop?*

Frigidaire offers the ultimate in styling and ease of care with its recessed cooking surface. Our high output burner will help you achieve gourmet results, while the addition of a fifth burner makes cooking that four course meal a snap.

# *Frigidaire... Makes it all Possible.*

## *Is it an Over-the-Range Microwave?*

Frigidaire over-the-range microwaves save countertop space and will enhance the look of your kitchen. One Touch Cooking provides 20 additional cooking and reheating selections.

## *Is it a Dual Fuel Slide-In Range?*

Frigidaire's dual fuel slide-in ranges offer the best of both worlds. You'll get the best baking performance in the electric convection oven and gourmet results on the high output gas cooking surface.

## *Is it a High Performance Ventilation System?*

Frigidaire ventilation systems are the best way to protect your Dream Kitchen. Generating up to 400 cubic feet per minute of exhaust airflow which removes smoke and food particles from your cooking environment.

## *Next Steps*

Your Lowe's Team will work to ensure the proper selection and installation of your Dream Kitchen.

- Complete on-sight measurements

# Dream Kitchen Planning Guide

## Time to Dream

Determine how you want your Dream Kitchen to look and perform.

- ☐ Gather design ideas
  - Look at kitchen design and home décor magazines
  - Surf home décor websites
- ☐ Speak with your Lowe's appliance and cabinet specialists
  - Consider various appliance colors and finishes
  - Consider cabinet styles and finishes
  - Consider countertop colors and materials
- ☐ How often do you cook?
  - Consider 36" cooktops
  - Consider double wall ovens
- ☐ Do you entertain in your kitchen?
  - Consider ultra quiet dishwashers
  - Consider counter depth refrigerators
- ☐ What type of cooking do you do?
  - Roasting - consider a convection oven
  - Baking - consider a double wall oven
  - Sauté - consider a high output gas cooktop
  - Boiling - consider an expandable electric element
- ☐ Number of people in your family?
  - Consider a tall tub dishwasher
  - Consider a 26 cubic foot side-by-side refrigerator
- ☐ Do you need to accommodate multiple cooks?
  - Consider an island cooktop
  - Consider a warming drawer

## Time to Design

Meet with your Lowe's Kitchen Design Sales Specialist

- ☐ What should you bring?
  - Sketch of your current kitchen layout
  - Sketch of your Dream Kitchen layout
  - Existing cabinet measurements
  - Your design ideas
- ☐ What about utilities?
  - Do you need 220V service?
  - Are gas hookups easily accessible?
  - Are outlets properly positioned and grounded?
  - Do you need a refrigerator water line?

- ☐ Select Appliances
  - Color
  - Finish
- ☐ Cutouts
  - Consult the product guides in this brochure to determine if the cabinet openings allow for proper clearance for the appliances you have selected

## Time to Plan

Important decisions to be made

- ☐ Establish a financial plan
  - Your Lowe's Specialist will guide you in meeting your budget
  - Lowe's offers a consumer credit program to help make your Dream Kitchen a reality
- ☐ Choose appliances
  - Select specific Frigidaire appliances
- ☐ Choose flooring
  - Hard surfaces
  - Area rugs
- ☐ Choose ceiling
  - Lighting
  - Fans
- ☐ Everything in between
  - Sinks
  - Faucets
  - Paint color

## Time to Purchase

Final steps to make your Dream Kitchen a reality

- ☐ Place Special Orders
  - Appliances
  - Cabinetry
  - Accessories
- ☐ Specify delivery dates
- ☐ Set up installation

## Time to Enjoy

Invite your friends and family over to relax and experience your new Dream Kitchen!
